**New Business / Member Comments:**

Marie K. Presented crime statistics information for the neighborhood. Mark K. Asked if trend analysis is available. Andrew W. commented that the EC police department can provide trend analysis data and discussed with Anita S. that our Police liaison might be a good source.

Spring Dumpster Social: purpose to engage non-active homeowners and tenants in yard cleanup. Kerri suggested formatting event in increments of designated blocks. Too difficult to monitor dumpsters for non-neighborhood use over the entire neighborhood.

Respectfully submitted,  
Beth E. Martin  
VP/Secretary
